CITY IS READY TO BUY ELECTRIC PLANT

TO BUILD SHELL LOADING PLANT IN GRAVES COUNTY

2,500 Workers Will Be Employed in Finished Factory

A loading plant for small arms ammunition will be built in northern Graves county, to be completed in six months and to employ in production about 2,500 workers, U. S. Senator Albert W. Barkley announced Tuesday.

The plant, approved by the Bureau of Navy Ordnance will cost between \$2,000,000 and \$4,000,000 to build. It will be located on U. S. Highway 45, bounded on the north by the road connecting Folsomdale and Boaz, on the south by a road between Viola and West Viola, and on the east by the Paducah-Memphis line of the Illinois Central Railroad.

Senator Barkley notified Claude Winslow, chairman of the West Kentucky Defense Council at Mayfield, of the project's approval Tuesday morning. Construction will begin as soon as possible, with options for the 1,800 acres of required land having already been signed. The Foundation Company of New York City, which probably be the construction contractor, The Senator said, and the plant will be operated by the National Fireworks Company, of Boston, Mass.

Confirmed by Gregory Congressman Noble Gregory of Mayfield confirmed the announcement by telephone to Mr. Winslow Tuesday morning. The Graves county project is the second important war industry to be approved for the Jackson Purchase area in the past six weeks. On February 27 announcement was made of the location of the \$30,000,000 Kentucky Ordnance Works in northwestern McCracken county.

The Graves plant site begins on U. S. 45 about 5 1/2 miles north of Mayfield's city limits, and runs to within four miles of the McCracken-Graves county boundary. About 2,000 of the 2,500 employees in ammunition-loading operations will be women, which is expected to balance the Purchase labor situation somewhat. Most of the 1,200 production employees for the McCracken project will be men.

Much of the Purchase area is expected to be drawn upon for labor to operate the plant. Special bus service will be established on Highway 45, and about 1,000 of the workers are expected to be drawn from northern Graves and McCracken counties.

Olive Blvd. To Be Ready by June

Olive Boulevard will be completed by June 1, Robert Munley, supervisor, said last week. One side of the street has been completed. Forty-five men are now employed on the job.

Mr. Munley stated the total cost will amount to \$24,225, which includes \$13,370 for labor and \$9,425 for material. Equipment for the street is being furnished by the State Highway Department.

343 Acres of Hemp Already Signed for in Calloway County

Up to yesterday noon, Calloway county farmers had signed up to grow 343.1 acres of hemp this year in response to a request of the government that a large amount be grown this year. A total of 285 permits had been applied for and 1,069.5 pounds of seed ordered; and farmers are still signing up to grow hemp, the local AAA committee reports.

Robert Packman in Air Corps, in India

Robert Packman, son of William Packman who is manager of Lerman Bros. department store in Murray, is now in India. He is with the U. S. Army Air Corps. His father received a cablegram last week from Robert. It was from India. Robert said he was all right and feeling good.

PROCLAMATION

Cleanliness is akin to Godliness, and applies just as much to communities as to persons.

Cleanliness promotes not only beauty, but health, and a beautiful community is usually a healthy one.

Removal of all those things which make a community look unattractive also removes those things which menace health.

Therefore, as Mayor of the City of Murray, Kentucky, I proclaim April 20 to April 22, inclusive, as "Paint-Up, Clean-Up, Fix-Up Days" of this city.

Look around your house and yard and see what improvements you can make.

CLEAN UP TRASH, MAKE NEEDED REPAIRS, PAINT-UP, PLANT FLOWERS AND SHRUBS.

Let us all go to work to make a CLEANER, and a HEALTHIER, more ATTRACTIVE.

CITY OF MURRAY.

George Hart, Mayor.

Jury For Retrial of Tom Bailey is Chosen

The petit jury of 12 men for the retrial of Tom Bailey charged with the wilful murder of Claud Brown was finally chosen last night after the court had sifted through more than 100 names.

The jurors chosen are Carlos Black, E. G. Moody, A. W. Thompson, G. C. Burken, Ben Roberts, Jim Simms, Roy Craig, R. L. Seaford, Jesse Barnett, Wright Cole, Lexie Watson, and C. T. Byerly. After the original list of 24 names for the jury had been exhausted, 50 more names were drawn. A complete jury was not obtained, and another 50 names were drawn.

Last night the jury was completed and the trial started with Dr. E. L. Garrett first on the witness stand.

Dr. Garrett, now a captain in the U. S. Army, is stationed at Camp Grant, Ill. He was due back this morning, so the court permitted him to give his testimony in the last night. Following the court adjourned till this morning.

Tom Bailey was sentenced on November 30, 1940, by the Calloway county circuit court to nine years in the Eddyville prison for the wilful murder of Claud Brown, and shortly thereafter began serving his time.

Recently the court of appeals set the sentence aside and ordered a retrial. Judge Ira D. Smith is presiding. Hall Hood is the defendant's attorney.

No Indictments Yet

The grand jury had not returned any indictments up to last night. They met Monday, and have been in session three days. Members are O. L. Cain, foreman, Robert Jones, Alvis Smith, E. J. Kuykendall, Purdon Lassiter, Hayden Jackson, Hozie Hodges, Holman Roberts, E. L. Richardson, J. L. Dolton, Billard McCulston and Jeff Miller.

Monday the case of Dick Barnett

and Bertie Barnett charged with maintaining a common nuisance, was brought before the court. Dick Barnett pleaded guilty and was fined \$100 and costs; the case against Bertie was dismissed. Tuesday Billy Mahan, charged with having in his possession and keeping for sale malt liquor, pleaded guilty and was fined \$50 and costs. The charge against Odel Cunningham for child desertion was dismissed. The cases against Lawrence Ward and Verne Banks for maintaining common nuisances were dismissed. The case of Loman McDougal, charged with malicious cutting, was continued. The charge against Bobbie Ferguson for maintaining a common nuisance was filed away with leave to reinstate it at some future date.

1,765 Men in County To Register April 27

An estimated 1,765 men in Calloway county are expected to register in the fourth draft on Monday, April 27.

This is the fourth registration, and includes all men who were born between April 28, 1877, and February 16, 1897. Practically the same method of registration will be used as was used in the third registration on February 16.

The fifth registration, date yet unannounced, will include young men ages 18 and 19.

There will be about 28 registrars, 8 at each of the 10 registering places in the county on April 27. On February 16 girls from Murray college, public school teachers and others assisted. The same ones will be invited to help in this registration. The principals at the high schools were chief registrars there and Leon Grogan, attendance officer, was chief registrar at the court house.

The places to register this time will be about the same as before. Where to register: Hazel high school, Lynn Grove high school, Kirksey high school, Faxon high school, New Concord high school, Almo high school, Court room, Murray State College, City Hall, Local Board Office.

Men who register on April 27 will not be liable for military duty. It is reported.

MARRIAGE LICENSE

Marriage license was issued April 8 at the Calloway county court clerk's office to Leo D. Miller of Lynn Grove and Effie May Hodges of Paris, Tenn.

HIGH SCHOOL BAND TO PRESENT 'RIO RICO' APRIL 24

85 Murray Students In Operetta Cast Directed by Inglis

Final rehearsals will be held next week for the Murray high school's music department's operetta, "Rio Rico," which will be presented Friday night, April 24, at 8 o'clock at the Murray high school auditorium.

Backed by a cast of 85 students and a thrilling and humorous story, the operetta will be a dramatization that would do honor to any high school in the state. It is produced entirely by students under the direction of Harlan K. Inglis, music supervisor at Murray High. The story of the play opens in Murray and travels to the South Seas. Amos McLeule, noted inventor and professor, invents a gold-recovery machine and wishes to use it to find the long lost Moon Gold treasure. He secures the backing of Lewis Morgan, a wealthy financier, who takes the party to the island on his yacht "Southern Cross," to provide a diversion for his daughter, Jane. The party arrives safely at Cocos Isle and the remainder of the production is a series of laughs and dramas.

The scenery for the production is designed by David McConnell and Mrs. John Rowlett. The rest of the production staff includes Gene Brewer, stage manager; Marion Treon, dance manager; Fred Shackelford, property manager; and Ned Brooks, electrician.

Jersey Registration Fee Lowered to \$2

Bro. Williams To Talk At Church of Christ

Elder Alonzo Williams

Bro. Alonzo Williams will present series of sermons at the Church of Christ beginning May 3 and ending May 10. Bro. Williams, now working with the Murrell Boulevard Church of Christ in Paducah, is well known in this section, having been located with the Church here several years ago. He is a graduate of Peabody College, Nashville and also of Cumberland Law School, Lebanon, Tenn.

J. Lewis Doran of Mayfield will be in charge of the congregational singing. Bro. Doran is a senior at Murray State College.

Treon Reelected Head of Calloway Fair Board

Ray Treon was reelected chairman of the Calloway County Fair at a meeting of the Association last week. September 30 and October 1 and 2 were selected as the dates for the fair this year.

Other officers elected for this year are Hansford Doran, first vice-chairman; A. Carman, second vice-

chairman; George Hart, treasurer; and John T. Cochran, secretary.

G. B. Scott was reelected a director for three years, and Hansford Doran was elected a director for three years.

Department prizes will remain the same this year, it was agreed at the meeting.

Five Men Held For Tobacco Tax Evasion

Five West Kentucky men, three of them from Murray, are charged with conspiracy to avoid payment of tobacco sales tax under internal revenue laws.

The five are J. Newt Outland of Murray, W. L. Tabor of Wickliffe, Emil O. Ray of Sedalia, A. F. Doran of Murray and Commodore Jones of Murray.

Last Friday the deputy U. S. marshal at the office of Sheriff Kihgins and told him that he had warrants for the arrest of the three men in Murray. Sheriff Kihgins called the men on the telephone and told them to come to his office, which they did immediately.

The marshal said that they were to appear in Paducah the next day to file a bond. This the men did. The bond for each of them amounts to \$250. The Federal court will convene in Paducah April 20. The men here state that they are innocent. A. F. Doran stated that the charge against him does not indicate that he owes any tax or failed to pay any. The case goes back to 1935, and hinges on Mr. Doran's selling about 800 pounds of tobacco from him farm through an agent in Arkansas.

Federal regulations state, "No restrictions of any kind are imposed upon farmers and growers of tobacco in regard to the sale of their 'leaf tobacco' (no libelable tobacco) to tax (as) incurred by them on account of... sales."

Mr. Doran states that he thought when giving this contract that he was within his rights since he grew his tobacco on his own farm and as a farmer could sell his tobacco through an agent.

It is understood that the charges against the other men also hinge upon interpretation of marketing regulations.

PURCHASE PRICE OF FACILITIES IS SET AT \$255,400

Deal With Ky-Tenn. Depends on Action Of 4 Other Cities

The city of Murray is ready to buy the light and power facilities of the Kentucky-Tennessee Light and Power Company in and near Murray.

A base purchase price of \$255,400 has been agreed upon. This price is of March 1, and is subject to adjustment at the closing date of the sale.

The purchase is to be made through the TVA. Saturday the TVA wrote the city officials stating that they were planning to buy all the K-T properties in Southwestern Kentucky. The TVA would, having made successful negotiations for those properties, offer to sell to Murray or secure the sale to the city of all the electrical properties in and near the city, the letter stated.

Under this arrangement, Murray's acquiring the power and light facilities here depends upon what action is taken in four other cities in this section.

The TVA would under the plan proposed buy and operate all transmission lines between the cities and furnish all power. Murray, and the other cities, would buy the TVA power and retail it to the homes and business houses.

Mayor Hart estimates that an immediate reduction of at least 20 per cent could be expected in electric rates, and eventually as much as a 50 per cent reduction would be effected.

At the present time TVA power is not available from Tennessee, it is reported, and of course not from the Gilbertsville dam. Thus upon acquisition of the present facilities, power would still have to come from its present source.

One of the other cities in this area upon which the purchase depends is Mayfield. A meeting between city and TVA officials was held in Mayfield Tuesday following the one here Monday, and it is understood that favorable action was taken by that city.

The three other cities are Bowling Green, Russellville and Hopkinsville. Wednesday it was announced that Hopkinsville had approved an agreement to purchase the electric facilities there.

Murray plans to buy the property through the issuance of bonds to the amount of \$255,400, which are to bear interest at not more than four per cent.

The City council on April 13 adopted an ordinance setting out the plan and method of acquiring and financing the purchase.

A Public Notice is published in this paper on page 2, section 2 and will run for seven weeks, explaining the intention of the city to purchase the local electric facilities.

National Hotel Is Praised for Food in "Vacation Land"

"Specializing in southern cooking, baked chicken, ham and other delicacies, Hotel National caters to a clientele of gourmets that is the envy of all the restaurants in their part of the state."

That is one of three sentences which describes the National Hotel in Murray in a travel guide-book entitled "Vacation Land, Inc."

Any restaurant or hotel that is listed in this book feels mighty proud, for a listing cannot be purchased at any price and inspection is made on the Q-T. The publisher of the book has men traveling all over the country. They enter a hotel without stating their business. They come and go without the owner knowing they have been there. If their findings warrant it, they send in the name of the hotel or restaurant to be listed in the travel guide. Thus the guide is a most dependable one.

The National Hotel was also listed in 1941.

Public Speakers Use Mirror Phones

Prof. A. C. LaFollette's public speaking classes have been using a speech recorder this week known as a "Mirror Phone". This machine has been made available to Mr. LaFollette and his classes for a week by the Western Electric Company.

The Mirror Phone resembles a large radio with a microphone attached. It records voices and reproduces them on an endless, magnetized steel tape. It is very useful to public speakers in that it enables them to hear their own voices and then remedy their mistakes. Mr. LaFollette stated that he hoped his classes would have a machine of this type to use permanently, very soon, and that his classes have been greatly benefited by the use of it for a week.

One ton of waste paper will produce one of the following items: 1,500 shell containers; 47,000 ammunition boxes; 71,000 dust covers for airplane engines; and 36,000 practice targets.

TVA Plants 400,000 Trees on River Highways

The job of planting approximately 400,000 trees to protect several highway and road fills from wave action has been completed in the Marshall, Calloway, and Henry county areas of the Kentucky reservoir, the Tennessee Valley Authority announced yesterday. The primary objective is to effect a considerable saving in the cost of riprapping.

Two field crews working out of Murray, and one crew out of Paris, Tenn., have, during February and March, planted trees on tracts selected by the Highway and Railroad Division of the TVA. The planted areas cover about 200 acres of open land lying along roads and highways which will be raised or relocated in order to protect the high water impounded when the Kentucky Dam is closed. The trees are not planted on the road fills, but are planted in broad strips between the toe of prospective fills and areas where large bodies of open water would otherwise occur when the flood gates are closed. During these infrequent periods of highest water levels it is expected that the forested areas will break the force of waves beating against the exposed road banks.

Areas planted lie for the most part between the normal pool or spillway level at the 359-foot elevation and the 375-foot level which is the highest the water will reach upon closure of the flood gates. A portion of each area planted with trees may be temporarily flooded on an average of about once every three years. One in a great while, during flood years, when it is necessary to close the flood gates, the water will rise and cover for a time all of the planted areas. It is therefore necessary to select trees for planting which will thrive in wet soils and survive periods of flooding. One- and two-year-old cypress, green ash, and southern white cedar are being used on the project.

Further information can be obtained at the Murray postoffice.

Mrs. Wade Davis, 2 Children, Injured In Auto Accident

Mrs. Wade Davis of Hardin and her two children were injured when the car Mrs. Davis was driving turned over twice in an accident Monday about noon at the Alamo crossing.

The three were brought to the Keys-Houston clinic-hospital for treatment. Mrs. Davis suffered minor bruises, the ankle of her 10-year-old girl was broken, and the boy, about five years of age, was practically uninjured.

The roads were slick with rain Monday, and the car went into a skid and turned over, it is reported. A TVA worker brought the three to Murray for treatment.

Spring and Summer Clothes for Women

ARE NOT AFFECTED BY THE NEW W.P.B. RULING . . .

Spring and Summer clothes for women are already made—we have a wonderful stock on hand now. The W.P.B. ruling of April 8 decreeing wartime styles for women's suits, coats and dresses is nothing to get excited about. It does not prohibit us from selling the clothes we have on hand or can order for you. It does eliminate some frills, but it does not order drastic style changes that will make obsolete your present wardrobe.

Do stop in and look over our stock of Spring and Summer dresses, suits and coats.

Shower Compliments Recent Bride

Mrs. Sherill Outland, a bride of last month, was honored at a lovely miscellaneous shower which was given Tuesday afternoon by Mrs. Joe Baker and Mrs. Charles Mason Baker at their home on Main Street. The rooms were attractively decorated for the occasion with a profusion of lilacs, lilies, iris and other spring flowers.

Miss Betty Roberts entertained with a reading, "The Usual Way." The many lovely gifts, heaped high in a tobacco basket, were presented by Misses Martha Jean Baker and Laverne Davis as the following original poem by Mrs. Charles Mason Baker was read:

I once knew a doctor who had a charming wife,
She was oh, so lovely, and really very nice.
Her friends waved a magic wand over a stretcher bare,
And when at last they looked, lovely gifts were there.

Well—we had a basket of tobacco And we didn't know what to do,
So we waved a magic wand And got these things for you.

A dainty party plate, carrying out a pink and white color scheme, was served by the hostesses. There were about fifty present.

Lancaster Says College Students Are Best Behaved Group of All His Customers at Varsity Theatre

Frank H. Lancaster, manager of the Capitol and Varsity theatres in Murray, says he has had to change his mind about this college town of Murray.

Dreading the trouble usually encountered in college towns, "Frank" as he is known to a great number of students and faculty members of Murray State, came to Murray on November 4, 1938.

"The college students of Murray are the best behaved group I have ever met," Mr. Lancaster stated. "They give the management of the Varsity Theatre more trouble than any other group of customers."

Tall, blond and handsome, Mr. Lancaster is an expert conversationalist and can tell many interesting stories about his 12 years experience in the theatre business. Once while working in Paducah his boss caught him engaged in a hand to hand fight with a drunk trouble maker.

A native of Cadiz, Frank got his first position with the Columbia Amusement Company when he was 17 years old, and worked several years in Paducah before coming to Murray.

When asked about the new student ticket the Columbia Amusement Company is making for the students of Murray, Mr. Lancaster said the tickets will be issued to the students just as soon as they can be made after the students' pictures are taken.

These new tickets, which will cost the show company several hundred dollars, are very similar to those that have been used in Paducah and other large towns for some time. Along with a small picture of the student the ticket will bear the name of the student and the name of some person in authority connected with the college.

Mr. Lancaster stated that these tickets were good advertising and

when presented at the box office will reduce the price of admission after 5 o'clock from 30 to 25 cents.

He also said that due to the pictures on the tickets they would be absolutely non-transferable.

Abbott and Costello pictures are the favorites with Murray students now and all musical pictures and Spencer Tracy pictures are good box office attractions, according to Manager Lancaster.

A very ardent fan of the Thoroughbreds, Mr. Lancaster says that despite their unfortunate losses this year, he believes them to be as great a team as ever.

"Aaron Slick from Pumpkin Creek" at Almo

On Saturday night, April 18, the junior class of the Almo high school will give a three-act comedy, entitled "Aaron Slick from Pumpkin Creek." This play is sponsored by Mr. Story.

Students taking part are Damon Burken, Ellis Puckett, Loraine Burken, James V. Jenkins, Evelyn Clendenon, Jewell Hicks and Hazel Linn.

Charles Farmer Making Good in Lenoir City

Charles Farmer, son of Mr. and Mrs. Charles Lee Farmer of Murray, got a nice write-up in the Lenoir City, Tenn., paper last week for the performance of his girls' glee club at a Rotary Club luncheon there.

Charles, formerly a teacher here, is music director in the Lenoir City high school and is directing rehearsals for a musical there. Last week he took part of the cast to the Rotary Club meeting. According to the write-up, the musical numbers (samples from the forthcoming program) presented before the club "was a wow!"

President Names Friday, April 17, Victory Book Day

Tomorrow, Friday, has been proclaimed Victory Book Day throughout the nation by President Roosevelt.

On this day every person is asked to search through the books in his home and office and select some that he feels will be of interest to soldiers and sailors and donate them.

Books may be left at either bank in Murray. At the county superintendent's office or at the college library.

The Victory Book Campaign has been in progress now for some time, and about 1,000 books have been collected in this county. Many of these were unsuitable, however, and many more are needed.

Mrs. C. S. Lowry is chairman of the drive in this county.

Lions Make Plans for Ensuing Year

The Murray Lions Club, at its regular meeting Tuesday evening at the National Hotel, discussed tentative plans for the ensuing year. Among these plans were:

Investigating the possibility of establishing a supervised indoor recreational center in the city.

Investigating the practicability of a county hospital.

Promoting an essay contest among the schools.

Inviting to a special dinner all the children to whom the club has furnished glasses.

Inviting the members of the other young men's clubs to a Dutch dinner at the Women's Club House during National Music Week.

Committees were appointed to work out the details of these plans.

New Automobiles Can Be Bought By Many People

This may surprise you—but if you need a new automobile, there is a good chance that you may be able to buy one right now.

According to Harold Parker, Parker's Garage, nearly all motorists are under the mistaken impression that only a very few people can buy new cars, while actually the list of eligible buyers is extensive.

"The object of the Government's car rationing order is to see that people in certain essential lines of work get the new car transportation they need," Parker declared. "If anyone is doing a job that is important to the community or nation, and needs a new car to do his job or get to it, the chances are that he won't have any trouble at all in getting a certificate to buy a car."

Parker, who is giving many eligible buyers assistance in making application for new cars, points out that the eligible classifications under the rationing order cover far more motorists than is suggested in Section 701 of the regulations.

"For example," he said, "to most people classification A suggests that only physicians are eligible in this group. Actually it includes not only physicians, but surgeons, osteopaths, many types of nurses, chiropractors, farm veterinarians and others. Classification B covers ministers who need cars, while C applies to persons requiring ambulances, such as physicians, hospitals, clinics, civilian defense agencies, welfare associations, mines, factories, fire departments, police departments and private ambulance concerns."

Parker listed the other classifications, as he interpreted them, as follows:

Fire-Fighting Services. Fire departments, volunteer fire departments, fire warden and air raid wardens.

Police Services. City police departments, county police officers, state police, detective bureaus, sheriffs, constables, and in some instances, private and factory police.

Public Health and Safety. Public health officials, quarantine agencies, suburban-area building, electrical and plumbing inspectors, exterminator companies, safety directors, sanitary bureaus and fumigating companies.

Postal Service. Suburban mail carriers, rural mail carriers, and in some cases, factory mail cars.

Transportation Service. Licensed jitneys, buses where passenger cars are used, and taxis.

Essential Services. Highway maintenance, heating maintenance, electrical repairs, construction workers, roofing repairs and plumbing repairs.

Defense Industries. Factories, power plants, public utilities, transportation companies, and others.

THE GONDOLIERS TO BE PRESENTED AT COLLEGE MAY 1

Students Rehearsing Brilliant Gilbert and Sullivan Musical

The third annual musical comedy, "The Gondoliers," will be presented on May 1 in the Murray College auditorium.

"Gilbert and Sullivan are to the musical comedy what Shakespeare is to drama," Gilbert and Sullivan is "fun," quoted Price Doyle, head of the fine arts department at Murray State College.

For the past two years Sigma Alpha Iota Music Fraternity and Sock and Buskin, dramatic club, have produced musical comedies. Two years ago it was "Vagabond King" and last year, "Naughty Marietta." This year marks the third with Gilbert and Sullivan's "The Gondoliers."

The plot of the comedy revolves around two gondoliers who feel that all they ask of life is to row their gondolas up and down the canal and sing to all the women who unanimously vote them as their choice. However, there comes a day in almost every young man's life when he must cease his rowing and choose his "fancy." By a method of blindfolding, these two gondoliers, Bob Arnold and Jimmy Endicott, choose their brides. However, no sooner married until complications arise when it is announced that one of the young men was married during infancy to the infant daughter of the Duke of Plaza-Toro. Hence, "two husbands have managed to acquire three wives; three wives to two husbands. That's two-thirds of a husband to each wife." But since none of them are good at fractions, they decide to settle the matter in another fashion. Thus, fun reigns throughout the two acts.

The music is said to be the best by Gilbert and Sullivan. "Reserved" seats can be obtained at Price Doyle's office.

Work on the scenery which will include some 700 roses, and "real" canals right on the stage, is already under construction according to Miss Thornton, director.

Nutrition Course To Begin Tuesday

The Red Cross Nutrition course will begin on Tuesday, April 21, with Miss Ruth Sexton in charge. Classes will be held on Tuesday evenings of each week from 7:30 to 9:30 o'clock in the Home Economics food lecture room on the third floor of the liberal arts building at Murray College.

This is one of the most interesting and useful courses offered in the Red Cross Defense program and a number of people are enrolling in the class. The course includes 20 hours work and will be completed in 5 weeks.

Any others interested in taking Nutrition, who have not yet enrolled, may still do so by attending the first meeting.

New Term Begins Monday at Toler's

Toler's Business College of Paris, Tenn., will begin a new term next Monday, April 20. Claude C. Toler, president, stated this week.

The Civil Service Commission has announced tests to be given stenographers with a lowered rate of typing speed. The new regulations require a net typing speed of 35 words per minute with not more than 15 errors.

This indicates a great demand for stenographers and those seeking employment should begin training as early as possible.

Kentucky Will Have Stamp for Birthday

A Sesquicentennial stamp commemorating Kentucky's 150th anniversary of admission to the union, will be issued, according to information received from Alben W. Barkley, senator from Kentucky.

The first issue of the stamp will be made at Danville if the post office department accepts the recommendation of the Kentucky Sesquicentennial Commission's action, which was taken December 27, at a meeting in Frankfort.

Buron Richerson Elected FFA Head

Buron Richerson was elected president of the Training School chapter of Future Farmers of America at their meeting Monday night, April 6, for the school year of 1942-43. Harold Glen Doran was made vice-president and Marvin Harris, secretary.

Other officers elected were: Charles Lassiter, treasurer; Galen Thurman, reporter; and Otis Cahoon, watch dog. At the first meeting in October, an assistant to each of the officers will be elected with the exception of president. The chapter has a local constitution and elections and all other business are carried out by its rules.

On April 17 the club will have its annual picnic. The recreation committee has been empowered to select a place.

Rowland Fined for Possessing Liquor

Shine Rowland was arrested Saturday for having liquor in his possession. He pleaded guilty before the quarterly court and was fined \$200 and costs. This is the second time he has been arrested for that offense this year.

Scholastic Tests Canceled for First Time in 14 Years

The scholastic examinations which are given each year for high school seniors have been canceled for the first time in 14 years, announced Prof. M. O. Wrather, of the extension department of Murray State College, today.

The tests, primarily on mathematics, are sponsored by the University of Kentucky. They were previously held during the middle of April at Murray State College for the high school seniors of this section of the state.

Fine Arts Unit To Be Completed In 1943, Says Huie

The Fine Arts Building will be completed in 1943 at a cost of \$165,000, Rex Huie, WPA supervisor, said today.

The men are now pouring the ground floor slab and will start pouring the second floor Monday, April 13. Brick work will start by May 1 if weather conditions are favorable. The building will be sound proof, fire proof, and air conditioned.

Thirty-eight men from Marshall and Graves counties are employed on the building. Mr. Huie stated that WPA work serves as a basis of training for unskilled labor.

The College News Wins More Prizes

The College News, official student newspaper of Murray State College, won a total of six prizes in the semi-annual contests sponsored by the Kentucky Intercollegiate Press Association, it was announced by the KIPA president at the spring meeting at Union College, Harboursville, Friday night, April 10.

Last fall, the College News won first place as best all-around college newspaper in Kentucky. Its rating this spring was third, with the Kentucky Kernel of Lexington ranking first.

The College News is printed by The Ledger & Times.

College to Have English Workshop

With a new project—the English Workshop—and the adoption of the quarter system, Murray State will begin the first term of the summer session on Monday, June 1. The first term will close on Wednesday, July 8. The second term will begin Thursday, July 9, and will close Saturday, August 15.

This workshop will be conducted under the direction of Miss Clara Rimmer, supervising teacher of English of Murray State College Training School. Miss Rimmer's successful and varied experience includes participation in a similar workshop at Harvard University.

U. S. Suffers Worst Defeat at Bataan
 Last Thursday just after the Ledger & Times for the week had been placed in the postoffice, news arrived of America's greatest military defeat in history—the taking of Bataan in the Philippines by Japan.

After three months of epic warfare almost unequalled in history, 38,883 heroic American and Filipino soldiers, utterly worn out by wave after wave of fresh Japanese attacks, were either killed or captured. Twenty thousand native refugees were also trapped when the Bataan line fell. Still remaining in American hands were the four forts at the mouth of Manila Bay, one of which is on Corregidor island. How long they can hold out is a question, now that the Japs can move their guns up much closer to fire at them.

Shells turned out by Army ordnance plants are packed in 30,000 tons of paper board each month; shirts, shoes, food for armed forces, parts of combat planes, munitions, rifles and chemicals are all packed and transported in paper board boxes.

College Girls Attend Camp Tyson Dance
 Approximately 75 Murray State girls attended a formal dance given for the soldiers at Camp Tyson, Tenn., Saturday evening. Dr. Ella Wehling, dean of women, was in charge of the dance, which was given for the 30th battalion.

V Is For Victory

V is for victory
 And it is our aim,
 To fight till the end,
 Unless we obtain.
 V is for victory
 And well you all know,
 That we'll keep on fighting
 In rain, sleet or snow.
 V is for victory
 And you will recall,
 We never have lost,
 A war great or small.
 V is for victory,
 Three dots and a dash,
 And when you have conquered,
 This message please flash.
 V is for victory
 If this message you send,
 We'll tell the whole world,
 "With press and with pen."
 V is for victory
 And well you may guess,
 Before we surrender,
 We'll all fight till death.

U. S. SPENDING IN KY.

Loans and outright expenditures of the Federal Government in Kentucky during the 1941 fiscal year which ended last June 30th, amounted to \$92,784,000 according to a statement made this week by Judge Lorenzo K. Wood, state director for the Office of Government Reports. This compares with a total of \$2,000,000 expended during the prior fiscal year of 1940.

ON THE RECORDS

By F. P. INGLIS
 The great "Symphony No. 1" of Johannes Brahms was received coldly at its first performance in 1876. It is not surprising when one considers the tremendous popularity at that time of the tinselled and glittering works of Liszt and Mendelssohn, or of the lengthy romantic excesses of Wagner. No Brahms music must have seemed cold, forbidding and sterile. Yet today only one of Liszt's 12-tone poems is programmed and the great mass of "perfect" music by Mendelssohn has been relegated to kindly obscurity. Of Wagner's 13 music-dramas, the "Ring" cycle, "Tristan" and "Die Meistersinger" are still popular today, while the rest have rapidly lost favor. Even in "Tristan" and the "Ring" the music-lover is forced to accept endless repetition of material and long arid stretches of sound.

In striking contrast, the "gold and forbidding" music of Brahms is just now coming into its own. His music is more popular today than ever before because of its classic perfection of form, its skillful craftsmanship, its dark lyricism, its majesty of concept, and its qualities of autumnal warmth and depth of emotion. This month, Victor honors Brahms' profoundly beautiful First Symphony, and celebrates Toscanini's 75th anniversary at the same time by releasing the most perfect recording and interpretation of this work as performed by Toscanini and the NBC Symphony Orchestra (M-875, 10 sides). It belongs on your "must" list.

Jascha Heifetz joins forces with the Cincinnati Symphony under Eugene Goossens in a definitive recording of the William Walton "Violin Concerto" for Victor. This work was commissioned from the

young English composer by Heifetz and received its first performance in 1939. Walton has put behind him the slapstick humor of "Pacado" and the last dreariness of "Portsmouth Point" in penning this sincerely felt and deeply moving contribution to violin literature. It contains many pages of rhapsodic beauty yet never loses its driving energy or logic of development. It is an important work and enables Heifetz to display once again his prodigious technique and beauty of tone. This concerto is heartily recommended.

WITH THE DANCERS
 Best Bet: Glenn Miller's lads could a current-sweet tune, "The Lamplighter's Serenade" with a top-notch swing version of "Long, Long Ago" called "Don't Sit Under the Apple-Tree". Glamorous Mar-

ion Hutton walks off with the honors on the latter (Bluebird). For fine sepia-hued medium swing don't miss Artie Shaw's treatment of "Sometimes I Feel Like a Motherless Child" (Victor). Tony Pastor's band offer two ace smoothies in "Not Mine" and "I'll Pray For You" (Bluebird), while Dinah Shore offers the finest ballad in years in a Carmichael tune called "Skylark". The B-sides, "Goodnight, Captain Curley-Head," is sentimental but also good (Bluebird).

Next Best: The Four Sisters in "When the Red, Red, Red, Red, Red" and "Hey, Zekel" (Bluebird); Shep Fields' current revival of "Dear Old Pal of Mine" (Bluebird); Vaughn Monroe's "compromise" song in the best ballad style of 1939 called "Don't Tell a Lie About

PAUL V. McNUTT

Baccalaureate To Be Held May 24 At Murray State

The Hon. Paul Vories McNutt, Federal Security Administrator and coordinator of all health and welfare activities affecting the national defense, will deliver the commencement address to approximately 160 seniors of Murray State College at 10 o'clock Thursday morning, May 28, in the college auditorium.

This will be the first war-time graduation ever held at Murray State; also it marks the last commencement exercise to be conducted here under the semester system, since the institution will adopt the quarter system for units beginning with the summer term. The baccalaureate sermon will be delivered Sunday, May 24, in the college auditorium, but according to Miss Alice Keys, executive secretary, the speaker has not yet been selected. The Alumni banquet is scheduled for May 27 in Wells Hall.

Murray State's commencement speaker, Paul McNutt, was born in Franklin, Ind., and received his AB degree from Indiana University in 1913, his LLB from Harvard in 1918, and his LLD from Notre Dame and Indiana University in 1933. He also attended Bethany College, University of the Philippines, and received an LHD from Florida Southern College.

Admitted to the Indiana bar in 1914, McNutt began practice in Martinsville. He was made professor of law at Indiana University in 1919, became dean of the law school in 1921, and was later applied for degrees in May are 12 from Murray and one from Almo: Dorothy Rorer Baker, Martha Lou Barber, Neal B. Brooks, Henry Fulton, Frances Elizabeth Gatlin, Helen Margaret Hise, Dale McHugh, James Edward Redden, Mary Margaret Roberts (Almo), Margaret Sue Saunders, Jane Lewis Shultz, Lattie Laverne Venable, Sara Jane Washburn.

Murray, the friendly city.

Me, Dear (And I Won't Tell the Truth About You) (Bluebird). Disappointing: Joe Reichman's orchestra in the Fitch Bandwagon Special "A Fireside Chat" and "Wherever You Are" (Victor). Joe's cultivation of Eddy Duchin's keyboard style seems to be ruining his own originality. Siggy Lane is no bargain as a vocalist either.

Wayne Wilson, Hazel, Is Claimed by Death

Wayne Wilson, 25, son of Mr. and Mrs. W. H. Wilson near Puryear, died at the home of his parents Wednesday night of last week.

Funeral services were held at Hazel Baptist Church Friday afternoon and burial was in the Hazel cemetery. Funeral services were conducted by the pastor, the Rev. Henry Franklin Paschall, assisted by the Rev. A. M. Hawley.

Mr. Wilson had recently been honorably discharged from the training service because of disabilities. He is survived by his parents and several brothers and sisters. He has two brothers now in the U. S. training camps. He was a member of the Baptist Church at North Fork in Henry county, Tenn., and was loyal to his country and his God.

Almo P-TA Holds Regular Meeting

The Almo Parent-Teacher Association held its regular meeting Thursday night, April 9, at the school building. In spite of inclement weather, there was a good attendance.

After a short business session with Mrs. Cary Rose presiding, a safety program prepared by Mrs. Coy Rye, program chairman, was presented. Following this, Mrs. Coy Rye, a delegate to the District P-TA convention at Marion, gave a very interesting report of that meeting.

Plans were made to conduct a Summer Round-Up of pre-school age children, to be held at Almo High School.

After the meeting adjourned, refreshments were served in the cafeteria with Mrs. Coy Rye and Miss Charlotte Owen as hostesses.

Robert Jackson, 72, Dies in St. Louis

Robert (Bob) Jackson, aged 72, was claimed by death in a hospital in St. Louis, Mo., Sunday. He had been ill for some time with heart disease.

Funeral services were held Tuesday afternoon at 1 o'clock at Sinking Spring with the Rev. T. G. Shelton officiating. Burial was in the Sinking Spring cemetery.

Surviving are four sons, Paul who works at the Murray Oil Station here and Ocus, Toy and Leon, all of St. Louis; a daughter, Mrs. Will Darnell, who lives near Coldwater; a half sister, Mrs. Lizzie Owen of Hazel; and three brothers, Arthur of Puryear, Tenn., Ernest of Detroit, and Jesse of Flint, Mich.

Mr. Jackson was well known here, having spent practically all his life in Calloway county.

Walter A. Sills, 80, Buried at McCuiston

Funeral services were held yesterday afternoon at 2 o'clock for Walter A. Sills at the McCuiston cemetery with the Rev. Lloyd Wilson in charge.

Mr. Sills died Tuesday at the home of his daughter, Mrs. Eugene Pitman, Murray, Route 6, after an illness of some eight weeks. He was 80 years of age and a member of the Missionary Baptist church.

Surviving are his widow, Mrs. Eliza J. Sills; three daughters, Mrs. Will Futrell and Mrs. Loman Garner in addition to the one previously mentioned; and two sons, Emmitt and Cecil.

Dyke Mayo Has Big Job Editing Murray Yearbook

The job of editing the Murray College annual this year is in the hands of Dyke Mayo, 5 foot-8-inch senior from Dukedom, Tenn. Dyke, when he finds time away from the "Shield," is working on a major in the science area and wishes to become a doctor if the army doesn't adopt him first. In his spare moment, Mayo likes horses and bridge. His task of yearbook editor is made doubly hard by his trying to equal the 1941 production, described by many as "the best in Murray's history."

Murray, the friendly city.

Service Notes

Among those in the armed service from Calloway county not included in the list previously published is Lt. Holmes Ellis. He is now stationed at Chicago, Ill., and recently spent a week-end at his home in Murray.

Pvt. Thomas Ben Griffin News reached here last week that Pvt. Thomas Ben Griffin had been retained as chief instructor in aerial gunnery of his squadron. Ben was a volunteer from Detroit early last year and was a licensed pilot from that city at the time he enlisted. He was first sent to the Technical School at Lowery Field, Colo. There he was a graduate of Armour and was transferred to Panama City, Fla., where he took an advanced course in aerial gunnery. Ben was a student at Almo high school, Almo, before going to Detroit six years ago.

Dr. E. L. Garrett, who is now a captain in the U. S. Army and is stationed at Camp Grant, Ill., returned to Murray Tuesday for a few days.

Highland Park Gossip

Sorry to hear about Mrs. Edgar Hicks' brother dying. She went to Paducah for funeral services and then returned to her home in Highland Park.

Mrs. Hubert Farris has been sick for the last few days but is well and peppy now.

"My goodness! they just work us to death here in these factories, why we even have to work seven days a week now."

"Guess you know by now that Rubel Dick is in the hospital. Yep, he done got himself run over by a streetcar. You see it happened like this, Rubel was going for a ride and a streetcar ran a red light and hit his car. RESULTS: Rubel is in the hospital with a few things broken. However we hope that he will soon be up and around again."

We were so glad to hear that Hafton Garner is safe in Australia. Keep fighting Hafton, we'll lick Hitler yet!

Ewin Winchester is home on a 15-day furlough. Glad to see you Ewin!

I heard that Mrs. Starkie Colon is very ill in the hospital. Do hope that she is lots better by now.

Until next time now, goodbye good neighbors and if you like Highland Park Gossip, just drop a line to the Ledger & Times and say so.

Diversified Farming
For
Calloway County

FARMERS STILL HAVE TEN WEEKS TO REACH SOIL BUILDING GOAL

The 1942 farm program ends on June 30, 1942. This means that the farmers who have not earned all of their soil building units have about ten weeks from today in which to earn the full amount of their soil building goal.

Ollie Barnett, chief clerk of the AAA for Calloway county, reports that there are several farms in the county that have not earned any of their soil building units, and a large number who have not earned the full amount of the maximum allowance. Mr. Barnett wishes to call the attention of all producers to the clause in the year's program which stipulates that a farm will only receive that per cent of the special payments (cotton, tobacco, and wheat payments) due which is equal to the per cent of the maximum soil building goal earned. This means that a farm which earned no part of its soil building units would receive no payment of any kind, and as a rule those farms earning only one-fourth of their soil building goal would receive only one-fourth of the special payments.

It appears doubtful that any more phosphate will be received by Calloway farmers this year as grant-in-aid material to be used in earning soil building goals. However, plenty of lime is still available and all lime trucks, for the present at least, have tires. Since each 1,500 pounds of lime spread credits the farm with one soil building unit, and since lime can be delivered to practically every farm in the county without cash expenditure, many farmers will find liming an easy and practical method of earning their soil building goal.

Orders may be placed at either the county agent's office or the county AAA office.

It pays to read the classifieds.

Living From The Farm

RACHEL ROWLAND,
Home Demonstration Agent

With fats and oils being conserved by the government, homemakers should fall in line in using fats and oils in the kitchen. Fat may be wasted in many different ways—some easily seen and corrected, others more or less hidden. It's easy to see that if butter which is left on plates is thrown away it is wasted. Fat is wasted if it is put into products that are so poorly or carelessly made they are not eaten.

Another way of wasting fat is to serve too frequently foods that need a lot of fat. These include such foods as pastries, doughnuts and fried foods.

Fat is spoiled by high temperatures. When you let fat of any kind get hot enough to smoke it becomes rancid more quickly so you can not use it again. Food cooked in smoking fat is much harder to digest, in addition to having a burnt flavor and odor.

Fats differ in "smoking points." For example, butter smokes much more quickly than lard. Be sure to use the proper fat for the purpose you need. Each time a fat is heated, its smoking point gets lower. If you keep a kettle of fat for deep frying be sure you watch it carefully each time you heat it.

Every bit of surplus fat may be saved and used in cooking unless it's too strong in flavor or has been scorched. Fat from pork, lamb, and chicken, or suet may be ground, or cut in small pieces and rendered down. To render small amounts of fat, heat in a double boiler until melted. Strain and cook.

Clarifying fat will free it from undesirable odor. This is a good method of clarifying fat which you have rendered down or any left-over fat. Melt fat with an equal amount of water. Heat for a short time at a moderate temperature, stirring occasionally. Let the mixture cool, remove the layer of solid fat, and scrape off any bits of meat and other material which may cling to the underside.

Fats should be stored in a closely covered container, in a dark place, and away from strongly flavored foods.

Homemakers to Hear About Their Part in The War

MRS. P. W. ADAMS

DR. ALLEN STOCKDALE

The part that women are taking in the war will be discussed at the annual meeting of the Purchase district of the Kentucky Federation of Homemakers at the Lynn Grove high school May 1. The principal speakers will be Dr. Allen A. Stockdale of New York, nationally known lecturer; Mrs. P. W. Adams of Bell county, president of the state federation, and Miss Myrtle Weldon, Lexington, state leader of home demonstration work.

Counties to be represented at the Lynn Grove meeting are Ballard, Calloway, Fulton, Graves, Hickman and McCracken. Mrs. Harrison Randolph of Ballard county, district director, will preside.

Singing will be directed by Mrs. Homer Witherspoon of Fulton county, accompanied by Mrs. Paul

The meeting will begin at 9:30 o'clock, and conclude with the pledge to the flag at 2:45.

Money for Tomato Plants Is Now Being Collected

The Calloway County Vegetable Growers Association is collecting money for tomato plants for this season.

Prof. W. H. Brooks will be in Hazel at the Hazel school at 1 o'clock Friday afternoon, April 17; at Lynn Grove at 3 o'clock, and at Cuba at 5 o'clock, all the same day. If members cannot go to one of these places to pay, they are asked to come to the county agent's office not later than Saturday, April 18.

The plants will cost \$2 per 1,000 for old members. A 20c per 1,000 membership fee is added for new members.

It is planned to order these plants the first week in May, and more definite information on when the plants will be here will be available later.

BIGGER CATTLE PRIZES

To build a more balanced fair and to stress the importance of good livestock, the Kentucky State Fair board of directors, in session April 4, appropriated an additional \$5,000 for Kentucky livestock for the 1942 State Fair at the specific request of the Kentucky Purebred Livestock Association.

A precautionary measure. A surgeon had just completed an operation when a fire started in a building across the street.

Being aware that the patient was a rather worldly individual, the doctor summoned a nurse and said, "The patient is coming to. You'd better draw the blinds. I won't want him to think the operation wasn't a success."

Second concrete section of the Kentucky Dam TVA's huge \$105,000,000 project on the lower Tennessee River at Gilbertsville is virtually completed.

BAD WEATHER DELAYS START OF POWER TERRACING WORK

Because of continued unfavorable weather conditions, the power terracing and pond digging equipment now owned by the Calloway Lime Cooperative will not begin operations before April 27.

The board of directors of the Lime Cooperative, in a meeting Saturday, voted to operate the machine in the construction of terraces and ponds at the rate of \$3 per hour. The assignment procedure involves the assigning to the Lime Cooperative by the farmer that portion of his farm program (AAA) payment necessary to cover the cost of the work he is having done. By adopting the policy of doing work on an assignment basis, the Lime Cooperative has made it possible for farmers not having cash available, but who do need terraces or ponds built, to get the work done without cash outlay provided their farm has AAA payments against which an assignment may be made.

Any farmer desiring to have either ponds or terraces built should see Dick Sandefur, assistant county agent, at the county agent's office in Murray.

Everybody Responds to kindness by asking for something.

New High in Ship Production

Liberty ship production this year will represent the greatest all-round shipbuilding output by any company in the history of the country.

Speed, speed and more speed is the constant objective; and always speed with quality; for a jerry-built ship is virtually useless in the grim tasks of maritime war.

The first Liberty ship which recently discharged supplies at a Red Sea port was built in a yard that was virtually nonexistent a year ago. A tanker was delivered in 100 days from laying of keel. A battleship will be delivered 14 months ahead of schedule.

Cargo ships are being built in less than one-half the time required in the first World War. Comparable speeding up has been achieved on other types of ships and the schedule is being constantly stepped-up.

Expanding old yards, building new ones, tripling employment in a year's time, training thousands of new men, putting every effective facility to use, adopting pre-assembly and mass production methods—all these spell tonnage and more tonnage, a steadily-mounting output of ships from Bethlehem yards.

All hands are doing their utmost for Victory, working to achieve the maximum for the U. S. Navy and the U. S. Maritime Commission, so that the "bridge of ships" shall be maintained and steadily enlarged.

• NO ATHEISTS IN FOXHOLES

Lieutenant Colonel Warren Clear, in Washington on
secret orders, and who comes direct from Bataan Penin-
sula, tells of the last few days before the exhaustion of
the American and Filipino forces.In a moment when Japanese fire was exceptionally
intense he says he dropped into a foxhole to escape bullets
which were falling like rain.In the foxhole there was a sergeant and both he and
the colonel were praying aloud—unashamed.After the worst of the barrage was over he remarked:
"Sergeant, you were praying.""Yes," the sergeant replied, "there are no atheists
in foxholes."

• ENGLAND'S DIFFICULTIES

The British Empire is in for some radical changes,
regardless of how the war turns out, but the growing re-
alization of that fact is no reason for us to adopt an un-
sympathetic attitude toward our ally.England has made mistakes in her relationships with
her far-flung empire, but where is there a nation which
could have done better? Some of the people under
her rule are giving help and comfort to her mortal en-
emies.Under such conditions there is nothing to be gained
by considering what England should or should not have
done in the past in order to get unity among her subjects
in the present time of emergency. And there is nothing
to be gained in letting our admiration for some of these
subject people overshadow our respect for England be-
cause it so happens we are destined to swim or sink with
the British.An American of Irish extraction may be ever so sym-
pathetic with the DeValera cause, but his first love must
be America, and in World War Two the American cause
is the British cause, even if it becomes necessary to occupy
Irish ports by force.We may admire France ever so much, but we had
better not wait too long to seize by force French pos-
sessions that may fall into the hands of our enemies and be
used against the British and ourselves.We may sympathize with India in her fight for in-
dependence, but when common sense tells us there will
be no more Indian independence with Japan on the loose
than there is independence in China, French Indo-China,
Malaya, Burma, or the Philippines—that India is going
to belong to England or to Japan—our choice is not be-
tween England and India, but between England and Ja-
pan.It isn't necessary that we endorse everything about
England and her policies, or her politics, but it is nec-
essary for us to realize that it is about useless to ridicule
England as it is to ridicule our own government, or our
fighting forces.England hasn't done well in her war against superior
forces. She has lost practically every battle in which she
has engaged. She hasn't anything to be ashamed of, how-
ever, because she has done her best just as our own brave
forces have done. They, too, have lost, and for the same
reason England has lost—they have been outnumbered
and over-powered with superior air forces.In contrast to England's losses and her difficulties
with her colonies and dominions, no nation or race of
people has ever waged such outstanding war in the face
of such over-powering odds as has England under the
leadership of Prime Minister Winston Churchill. As our
ally her problems are ours, her losses are ours and her
victory shall be ours.It is unbefitting for us to be amused over her ap-
parent blundering. All democracies have the common
failing of slow motion. They were slow in coming into be-
ing. They are slow in deciding on their course of action.
Both England and the United States were slow in depart-
ing from the ways of peace and we will all be glad when
we can get back to them.Unlike fascists, however, we know what we want
and we come nearer getting it than any other system ofgovernment. For a century, or more, we have wanted a
higher standard of living in England, and in America,
and we got it. We hate to give it up but we realize we
must do so temporarily in order to win the war, and we
are doing it.England knew three years ago if she ever defeats
Germany she must have a greater air force. Announcement
was made this week that she has reached parity.
This despite the most terrific pounding any army on
earth ever took. Also despite the difficulties of free peo-
ple converting factories of peace into war plants.With such a record can't we forget England's sore
defeats in France, in Norway, in Africa, in Greece, in
the Far East, and on the high seas? We are basing our
future hopes on the airplane as the decisive weapon in
the war and if England now has the upper hand in
Germany in the air we are going to win the war and,
whether we like it or not, we will have to thank our
British cousins for holding Hitler back long enough for
us to junk the 40-hour week and produce enough equip-
ment to turn the tide of battle.

NO. 18

Week Ending April 13, 1942

For United States the disaster in a week of Allied setbacks

was the loss of the Bataan Peninsula in the Philippines. It is

the second serious blow which has

beaten our arms in the Pacific.

On Wednesday it was reported

that the defenders had been forced

to retire to new lines. On Thurs-

day, Secretary of War Stimson an-
nounced that the defenders had
been overpowered, that the im-
mediate loss of the Bataan Penin-
sula must be accepted. As a re-
sult, though there have been no
direct reports of the last hours,
some 36,000 troops and another 20-
000 civilians have fallen into Ja-
panese hands. The Japanese have
imposed their authority up to the
point of two miles or so across the
straight from the Corregidor which
they have had under heavy bomb-
ardment since Saturday morning.The loss of Corregidor and its sup-
porting towers means that the
hold out under such a heavy and
continuous attack cannot be fore-
told. It is a very strongly fort-
ified position, largely hollowed out
of the volcanic rock of the island.The fall of Bataan has been fol-
lowed by a Japanese attack upon
the island of Cebu which at last
report, was putting up a strong
defense, but against heavy odds.But throughout the islands of the
Philippines, guerrillas are keep-
ing up a system of hit and run
raids upon Japanese units. The
Philippines have not yet been
completely conquered, or for that
matter, even occupied.BURMA, INDIA AND THE IN-
DIAN OCEAN: In Burma the most
serious Japanese advance has
been made on the Irrawaddy
River front where their troops
have reached positions within 40
miles of the important oil fields.THE WESTERN FRONT: Brit-
ish air attacks upon the low coun-
tries of France and the industrial
cities of western Germany have
reached new heights during the
past week. General Marshall and
Harry Hopkins arrived in England
this week, supposedly for con-
ference looking toward the com-
pletion of plans for an allied invasion
or invasions of the continent. In
Libya, patrol actions have indicated
that large operations there are
in the air. Malta in the Medi-
terranean has been more heavily
bombed, suffering its 200th raid
during the week. The supply ships
using the North Atlantic continueto reach England and Russia, but
along our own coast German sub-
marines have continued to sink
many ships. The race for superi-
ority in production of war sup-
plies is going hard in our favor.
Russia appears to be confident of
being able to meet and throw back
any German spring offensive. It is
to be hoped that their confidence
is justified for there the battle
might be won this year.TEXACO

Letter to The Editor

Dear Editor:

Some of the farmers of this com-
munity when approached on the
subject of growing hemp, like
the wedding guests described in
the Bible: "With one consent they
all began to make excuse."In some cases of course, it is
impossible to comply, but in most
instances it would only mean cut-
ting down the acreage of some less
essential crop.Perhaps the cash involved may
be very small, but of how much
benefit would a nice fat bank ac-
count be should we be subjected
to Axis rule?Assuredly we are going to win
this war but it can't be done by
leaving the work for the other fel-
low. We must all pull together,
forgetting personal gain and pro-
vide shape as well as food for our
armed forces.It is only a small thing to give
up a few acres of cash crop. Sure-
ly no one could compare it to the
sacrifices being made so cheer-
fully by our young men.

Respectfully yours

Virgil Lassiter

the major concerns of the Govern-

ment, and the problem of the Of-

fice of Price Administration.

The fight must be won if we

are to win the war.

In the past few days OFA has

added many articles, including 44

cups, appliances, ranging from

curling irons and toasters, to a

long list of things over which it

has set maximum prices.

OFA is a big busy agency and it

is getting bigger and busier. It

Come To CHURCH

FIRST BAPTIST CHURCH
San P. Martin, Pastor

Preaching by the pastor morning and evening. Subject A. M. "THAT"; subject P. M. "DO PRESENT DAY WORLD TRENDS INDICATE THE LORD'S COMING IS IMMINENT?"

Church School meets at 9:30 with classes for all ages beginning with the Cradle Roll Class. Every class meets in a room separated from other classes for the study of the Bible lesson for the day. The school is directed and taught by faithful men and women as officers and teachers.

Training Union meets every Lord's Day at 6:45, with a splendidly arranged course of studies covering the doctrines, life and teachings in the Bible concerning daily living. These studies have been arranged so as to present a well rounded course of study, looking to the training Christian church members for larger and better living and serving at home and abroad. The Training Union is directed by faithful young men and women and helpers. There

is a Union for each age beginning with the Story Telling Hour for the smaller boys and girls. Mid-week meetings every Wednesday evening at 7:30. This meeting is vital to a deeper spiritual life and a larger work throughout the membership throughout the city and communities. This meeting should be attended faithfully and regularly by all the members and their friends.

A cordial invitation is extended to one and all to attend our services and worship with us whenever the opportunity is afforded; here you will hear the gospel in sermon and song and will enjoy uplifting fellowship.

FIRST CHRISTIAN CHURCH
Charles Thompson, Pastor

Sunday Services: Bible School—9:30 a. m. The Service Circle Class is sponsoring the attendance for this quarter. Their effort will be centered in reducing the number of absentees. Last Sunday there were 102 absent. Let every class strive for as near 100 per cent attendance as possible during the quarter.

Morning Worship—10:50 a. m. Sermon topic, "Courage to Face the World". Christian Endeavor—6:30 p. m. Our young people are looking forward to the Youth Fellowship meet at Mayfield April 24-26. We are proud of the fact that Miss Joan Fulton of our church is President.

Evening Worship—7:30 p. m. Sermon topic—"The Authority of the Scriptures". This is the second of a series of sermons on the New Testament Church. Every Sunday night is guest night during the series. Each member is urged to bring one or more guests. Wednesday 7:30 p. m.—Prayer service. Topic, "The Disciples of Christ". The Prayer service during the Easter to Pentecost period will be devoted to "Better Church Members". Visitors will receive a cordial welcome at all of these services.

FIRST METHODIST CHURCH

Rev. T. H. Mullins, Jr., Minister

9:30 A. M. Sunday School. 10:50 A. M. Morning Worship. 6:30 P. M. Fellowship Hour for College Students. 7:00 P. M. Young People's Meetings. 8:00 P. M. Evening Worship.

"Teacher, what do you have to say that speaks to the pressing inner problems of my daily life?" This question is on the hearts of many earnest people whether they ever become vocal or not. Many are finding the answers to their questions and solutions of their personal problems at First Methodist Church where the Gospel of Hope is made a personal message to every hearer.

The evidence of this is found in the sanctuary filled to capacity every Sunday morning with extra chairs brought in to accommodate not only the members of First Methodist Church but also the adherents of every creed and those who have no creed, who are hungry for a Gospel message which helps them to deal victoriously with the vital issues of daily living.

The world is too distraught and harassed to take a deep interest in those doctrinal hair-splitting out of which some groups build selfish little houses of smug complacency and imagined superiority. What the church teaches and what a man believes are important. No thoughtful person would gainsay that. But of supreme importance is a person's ability to translate his convictions into victorious Christian living. To the high and holy purpose of assisting people at that point, the pulpit ministry of First Methodist Church is dedicated.

Bring your children to First Methodist Sunday School. You will find classes for all ages taught by trained Christian teachers. The Sunday School program is directed by Max B. Hurt, superintendent, a recognized religious leader in our community.

CHURCH OF CHRIST

C. L. Francis, Minister

Lord's Day Bible study at 9:45 a. m. worship at 10:45 a. m. and 8 p. m. Young People meet at 7 p. m.

"Studying The Bible" will be the topic of the morning worship. In this day of stress the study of the Book of Life is more essential than ever before. Some people do not know the difference between the Old Testament and the New Testament. Some cling to the Old Testament because their doctrine is not in the New Testament. Let us learn to rightly divide the Word of Truth. Can a man be justified by worshipping according to the Palms? If so, why did Christ take them out of the way? COME, study with us.

Dr. R. G. Lee Speaker At Mayfield Church

Improved SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. Based on Western Newspaper Union.

Lesson for April 19

Lesson subjects and Scripture texts are prepared and copyrighted by International Council on Religious Education, used by permission.

GROWING TENSION WITH FALSE LEADERS

LESSON TEXT—Luke 11:37-48, 52-54. GOLDEN TEXT—He that is not with me is against me, and he that gathereth not with me scattereth.—Luke 11:23

Opposition to Christ and to Christian teaching has come down through the centuries practically unchanged. Hence, we find in Christ's dealings with the enemies of His truth, but one might expect better of those who profess His name. The difficulty is that there is only profession, with no real life.

I. Hypocrisy Unmasked (vv. 37-48). The Pharisees possessed great interest in the observance of religious laws, but their concern was for the outward appearance, while God judges the heart. First we note a substitution of technical observance of the law for the Pharisees' table with clean hands, but He had not observed all their ceremonial washings. When rebuked He struck them with terrible force at the heart of the whole matter (v. 39); namely, that inward filthiness of heart which often makes folk meticulous about outward cleansing. This leads to a substitution of technical observance of the letter of the law that ignores love and judgment (v. 42), which are so precious to God. There can be a dead, dry, and technical-orthodoxy which entirely misses the point.

But worst of all is the covering up of spiritual death (v. 44). Some of us speak of those who are "dead" and don't know it. They may actually be true spiritually. They may be dead within and yet a brave and sometimes self-deluding outward show of life.

II. Theological Deadness Condemned (vv. 45-52). The lawyers of that day were those learned in the Mosaic law, hence were really the teachers of theology and ethics. They came under the rebuke of Christ as He pronounced three "woes" upon them. First, they were guilty of heaping upon others burdensome requirements which they did not themselves keep, and which they did not help the people to keep. There are such teachers today who set up standards they do not themselves observe, a sort of signpost pointing the right way, while they are not themselves going that way. There are those who present high ethical standards without the spiritual dynamic needed to live up to them. To tell a man to be good without telling him of the Savior who can make him good is mockery.

Then, those of Christ's day were condemned for hating God's witnesses. They were willing to build sepulchers for the dead prophets killed by their fathers, but were not willing to hear the living prophets. How true to life that is! The very ones who hate and hinder those who are preaching God's Word, speak and sing smoothly of the faith of our fathers, and claim as their own the witnesses of a past day. Christ also pointed out that while professing to interpret the law they obscured its meaning. They threw away the key to knowledge so that neither they nor their people could understand it. They continued to teach. Have not the false teachers of our day done likewise? They deny the integrity and authority of the only infallible Word—the Bible; they reject the deity of our Savior, Christ, and yet they talk about being Christians and preachers of the truth. Woe be unto them in the day of God's judgment and wrath!

What happens when such men are condemned or questioned? We find—III. Enmity Intensified (vv. 53, 54). The scribes and Pharisees had two approaches: they sought vehemently to provoke Him to overstep and they crantly laid in wait for Him. The writer of these notes has seen both methods at work in our day. Liberals, or modernists as they are called, profess for the most part a suave courtesy which makes them speak smoothly and gently about the conservative and orthodox believer or teacher; but if one only has eyes to see, there is often the strong and cruel hand of iron hidden under the velvet glove.

Whatever may be the approach, be assured of this—every effort to reveal false teaching in its true light, or to deal with hypocrisy in spiritual things will bring intensified opposition. Christ took it—He too can take it in His name and for His sake.

Praise the Lord I will greatly praise the Lord with my mouth; yea, I will praise him among the multitude. For he shall stand at the right hand of the poor, to give him from those who condemn his soul.—Psalm 109:30-31.

FLINT NEWS

Mr. and Mrs. Ray Boston, and son Denny returned home, last Wednesday after having been away for more than two weeks. They were called to Akron, O., to be at the bedside of Mr. Boston's mother who was seriously ill with pneumonia and passed away while they were there. She was taken back to West Virginia for burial near her former home. Mr. Boston and family also visited Mrs. Boston's parents, Mr. and Mrs. Thompson, in West Virginia before returning home.

We as a community extend our deepest sympathy to Mr. Boston in the passing of his mother. I feel safe in saying this for the church and all the community appreciate Mr. Boston and family and the Sunday School while away.

Mr. and Mrs. Outman Trevathan and Mrs. Trevathan's daughter drove over from Detroit last week to bring her mother Mrs. W. H. Trevathan home.
